

## My Hobbies & Interests

I love to travel around the country and world. Love theater, movies, plays, music of all kinds. Am spiritual oriented, and love theology. Love fine dining, love to cook, and just being in front of the fireplace on a good foggy evening. Love Hawaii, travel often to France, Spain, and Italy, and looking to travel to other far distant lands.

## My Online Life

I enjoy chatting with others, sharing insights and life experiences. Not into flakes and imposters. Like everyone else, I want to meet real people.
